

# Cyber Catalyst Inc

April 28, 2026

## Online Instructor (2026-08)

**Location:** Remote (Canada)

**Position Type:** Contract

**Compensation:** \$50 per hour

Cyber Catalyst Talent Solutions is seeking **Online Instructors** to support learners across our cybersecurity, networking, and digital technology workforce readiness programs. These roles are central to empowering members of the **Military Veteran Family Community**, as they advance in, or prepare for, careers in the Canadian digital workforce.

This is not a traditional lecture-based teaching position. Instead, instructors facilitate learning in an **asynchronous online environment**, support skill development, and guide learners toward industry recognized certifications and career readiness.

### Key Responsibilities

#### Instruction & Learning Support

- Guide learners through online modules and hands-on labs
- Support comprehension of technical concepts and course materials
- Answer learner questions and provide timely, constructive feedback
- Host scheduled virtual office hours or support sessions
- Encourage persistence, problem-solving, and confidence-building
- Provide insights on certifications, skills pathways, and industry expectations

#### Online Learning Environment Engagement

- Monitor discussion forums and communication channels
- Foster a supportive and respectful online community
- Ensure consistent, timely responses to learner inquiries

## Assessment & Progress Monitoring

- Review assignments and assessments
- Track learner progress and identify where support is needed
- Promote course completion and certification readiness

## Collaboration & Program Support

- Share feedback on curriculum improvements
- Participate in instructor meetings and briefings
- Support continuous enhancement of learner experience

## Qualifications

### Required

- Experience in cybersecurity, networking, software development, or related technical fields
- Experience teaching, mentoring, coaching, or supporting adult learners
- Strong communication and interpersonal skills
- Ability to support learners in remote, asynchronous settings

### Preferred

- Industry certifications (e.g., CCNA, CyberOps, Fortinet NSE, CISSP, CCNA, Python, DevSec)
- Experience with online Learning Management Systems

## What Makes You a Great Fit

You are a patient, supportive professional who enjoys helping adults build confidence and technical skill. You value mid-career professional success, communicate clearly, and maintain professionalism in online learning environments. You bring both technical credibility and a learner centered mindset.

Cyber Catalyst strongly encourages applications from:

- **Military members, veterans and partners**

- Technical professionals committed to supporting those who have served Canada through their military service.

### **Why Join Cyber Catalyst?**

By supporting learners through their career journey, you will help:

- Equip veterans and military families with in-demand digital skills
- Build Canada's cybersecurity and technology workforce
- Strengthen communities and public institutions through cyber resilience

If you're passionate about teaching and want to make a meaningful impact in the lives of military connected learners across Canada, we'd love to hear from you.

### **How to Apply**

Applications will be reviewed on an ongoing basis until a decision is made.

Please submit your application through the online portal at [www.cybercatalyst.io/jobs](http://www.cybercatalyst.io/jobs), including a resume and cover letter.

Questions can be submitted to [HR@cybercatalyst.io](mailto:HR@cybercatalyst.io). Please include the following in the subject line: [Online Instructor (2026-08)]
